

HEALING FOR HUMANITY

HEALING FOR HUMANITY is a three-fold heart vision. A meeting point for like minded people. It is a sacred space for deepening your sense of belonging and fine tuning your skills. A place that invites you to safely open, share, receive and contribute to humanitarian causes.

Is an open invitation to healers

Once upon a time ... a group of friends used to meet monthly. Many moons have passed since we last opened this space. The quest to 'be' within these precious connections again, for self and the collective, has been re-ignited.

To extend the love and emerging care of the soul

There will be three healing spaces available. There is a common area for group hands-on healing, a closed room for other modalities and our proxy, gorgeous teddy Grace, to provide distant healing. The intention is that everyone will exchange, with the freedom to honour your needs and where you are at in any moment.

To companion these profound times of change

What do we do?

- ♥ Have fun – laughter brings its own healing qualities.
- ♥ Donate to charity – an honour system where 100% of your donation will be passed on. As a guide, each of us usually contributes \$10.
- ♥ Bring a plate to contribute to a casual lunch, if you have time when we finish.

For more information or to register, contact Michelle Jasprizza

- ♥ Mobile. 0417 284 174
